

ATMO sphere

Business Case for
Natural Refrigerants

19-21 November, 2018
Lago di Garda

**World's largest community of HVAC&R leaders deciding
the future of sustainable heating and cooling.**

Join us to meet 450+ thought leaders from Europe
and learn how natural refrigerants help make your business
more efficient and sustainable!

SEE PROGRAMME

*ATMOsphere is really enlightening and inciting. The conference
further consolidates the progress that has been made in the
development and acceptance of natural refrigerant based
equipment in the last few years.*

10 REASONS TO JOIN ATMO

1

SAVINGS BY SWITCHING

Learn how you can save your business money by switching to natural refrigerants. Increase efficiency and reduce energy, maintenance and operating costs.

2

LATEST TECHNOLOGY

Discover the latest natural refrigerant technologies during innovative case study sessions, panel debates and technomecials. Check out cutting-edge technology, targeted specifically to answer your company's needs.

3

REGULATIONS UPDATES

Get the latest news and updates on the current and upcoming regulations affecting your business, especially about the HFC phase-down legislation.

4

MARKET TRENDS

See where the market is heading and learn best practices from top experts sharing their latest success stories, lessons learned, challenges and next steps.

5

MEET 500+ EXPERTS

Expand your network during numerous networking breaks over the 3 days by meeting over 500 industry leaders including top technology suppliers, contractors, policy makers, associations, fellow end users and many others.

6

WORKSHOPS AND TRAININGS

Join the many workshops and trainings offered during the conference to expand your knowledge.

7

GET AHEAD OF THE CURVE

Europe is leading the world in NatRef adoption - learn the latest practices from the most innovative NatRef conference in the world and if you haven't switched yet, learn all you need to know to get involved in the movement.

8

KNOWLEDGE SHARING

Hear from other end users' experiences with natural refrigerants first hand, assess their feedback and pros & cons of natural refrigerants yourself.

9

END USER TRAVEL FUND

Get your travel expenses covered as a first time attendee. Contact the ATMOSphere team at Europe@shecco.com for more information.

10

HAVE A SAY

Influence the market by participating in panel discussions and debates, raise your concerns and let the suppliers answer your company's demands.

OTHER FEATURES OF ATMO EUROPE INCLUDE:

- ✔ Free entry for end users
- ✔ Private face-to-face meetings with suppliers
- ✔ 2nd Annual Accelerate Europe Awards
- ✔ New exhibition layout and schedule
