

Hydrocarbon Certificate Training

- **Introduced November 2012**
- **Study Guide**
- **Online Module**
- **Certificate Examination**

Hydrocarbon Certificate Training

- **Introduction**
- **Environmental Impact**
- **SNAP-approved HCs**
- **Regulations & Standards**
 - SNAP Regulations, allowed uses, etc.
 - UL, NFPA, ASHRAE, etc.

Hydrocarbon Certificate Training

- Refrigerant Safety
- Safety Classifications
- Flammability
- MSDS & Boiling Points
- Gas Monitors & Cylinder Handling

Hydrocarbon Certificate Training

- To date – 214 individuals
- 81.8% earned certificate
- 40% test + training
- On average, each candidate takes test 1.7 times to earn passing score

Hydrocarbon Certificate Training

- Refrigeration fundamentals ☹️
- Safety 😐
- Regulations 😊
- Industry references 😊

Hydrocarbon Certificate Training Early Impressions

- Many more technicians need to train & test
- Fundamentals review warranted
- Safety & Flammability comprehension
