

THE EMPEROR'S NEW CLOTHES ... or... MYTHS & REALITY ABOUT EPEE MEMBERS

THE MYTH: EPEE is against alternatives

THE REALITY: We already use all types of refrigerants

THE MYTH: EPEE represents only US & Japanese multinationals

THE REALITY: We represent 200,000 people working for small, medium & large size companies active and manufacturing in Europe

THE MYTH: EPEE is against new F-gas rules

THE REALITY: We fully support the Commission proposal for an HFC phase-down of 79% by 2030.

THE MYTH EPEE is against any bans

THE REALITY: We believe a phase-down will deliver the results. But we can accept the EC product bans and a ban on very high GWP refrigerants for new stationary refrigeration systems, service & maintenance

**LET'S FACE REALITY: THE CHANGE IS ALREADY HAPPENING.
WE NEED CLEAR RULES FOR A FEASIBLE HFC PHASE-DOWN ASAP.**
