OVER 18 YEARS OF EXPERIENCE

A vision which we have always believed in

COOL 

The world's first HFC-free McDonald's restaurant

A pilot project in Vejle / Denmark

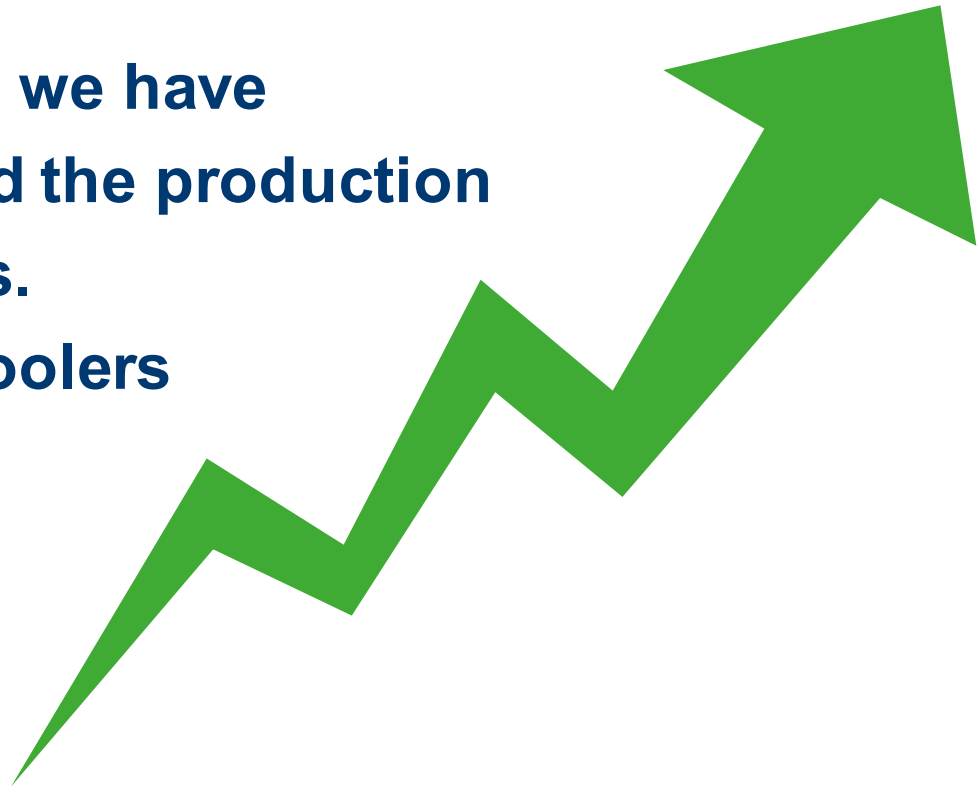

OVER 18 YEARS OF EXPERIENCE

We've designed and produced more than:

1500 GAS coolers - **2500** Unit coolers - **30000** CO₂ Exchangers

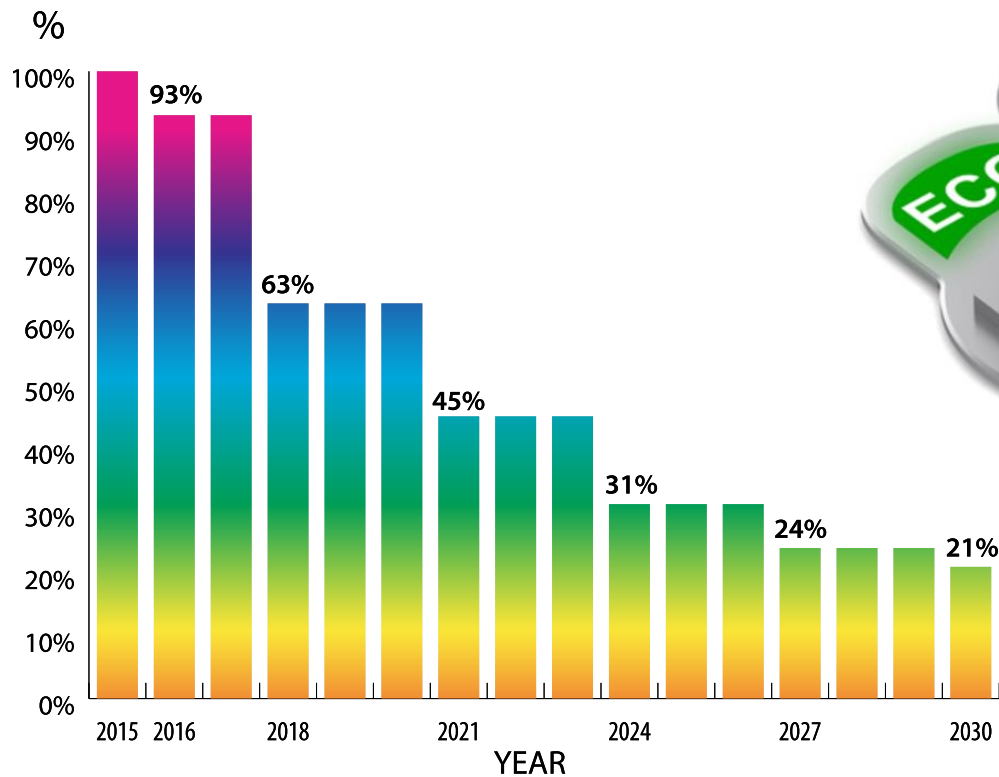

In the last 5 years we have increased fourfold the production of CO₂ Air coolers.

In 2015 CO₂ Air coolers represented 8% of our turnover.

F-GAS IN RETAIL SECTOR

STOP Performance and compatibility issues
