### **REFRIGERATION TRAINING**

CFGM: Technician at Refrigeration and Climatization systems

CFGS: Advanced Technician in Thermal and Fluids Installations

### **TRAINING ALLOWS QUALIFICATION**

K License handling of Fluorinated Refrigerants

License for HVAC Facilities

**Engineer Supervision** 

70 thermal kW at HVAC

L2 and L3 Refrigerants

Controlled Atmosphere Cold Rooms

100 Electrical kW at Refrigeration

## INNOVATION PROJECTS AS A TOOL TO FINANCE TRAINING

- 1. CO2LD
- 2. Application of Transcritical CO2 in Schools
- 3. European Laboratory on Natural Refrigerants

Unión Europea

Fondo Social Europeo "El FSE invierte en tu futuro"

## CONCLUSIONS

- Natural Refrigerants Handler License would boost Training
- Authorities Involvement is needed.
- Innovation Projects are a hard path for Teachers
