| Good things are happening

### Sustainability Goals,

- Transition Refrigeration Brief to a natural refrigerant standard
- Continual reduction of emissions, direct and indirect

### Support;

- Coles is focused on sustainability in particular refrigeration

### Challenges/Obstacles;

- Cost of a natural refrigerant plant, supply and installation
- Skill set of the industry, in-house assets and installation partners

### Communication

- Atmosphere

### What's happening Now?

#### Co2

- Trial to pilot, Co2 Transcritical 5 new stores
- 2 of 5 will be launched before Christmas
- Additional Liquid Recirculation Co2 fleet store to be converted to Transcritical before Christmas

#### Waterloop

- Combination Hydrocarbon & Co2 waterloop store trial to be launched pre Christmas
